

11:45am	Lunch (with option to buy boxed lunch \$15 served in Regency Ballroom) AFE Member and Community Lunch, Regency Ballroom / Exhibit Hall Student Lunch with SAFE and FireGeneration Collaborative CDFW Training and Lunch, Windjammer IV												
12:45pm													
1:00pm	Special Session Cont'd Taking action to reduce forest and community vulnerability to fire	Special Session Cont'd Advances and Applications of Wildfire Risk Management Science	Special Session Fire and Insect Interactions in North American Forests	Special Session Fire and Smoke Model Evaluation Experiment (FASMEE) findings and updates	Special Session Cont'd Indigenous Fire Resurgence in California: Research, Praxis, and Collaboration	Special Session Tackling diverse fire challenges through science-management collaborations	Special Session Cont'd Fire in the Sonoran Desert	General Session Wildfire Management	General Session Post-fire Regeneration	General Session Changing Fire Regimes	General Session Prescribed Fire, Fire Effects	Attached Meetings	
1:15pm													
1:30pm													
1:45pm													
2:00pm													
2:15pm	Break (10 minutes)												
2:25pm													
2:40pm	Special Session Fire effects on wood products	Special Session Cont'd Advances and Applications of Wildfire Risk Management Science	Special Session Cont'd Fire and Insect Interactions in North American Forests	Special Session Cont'd Fire and Smoke Model Evaluation Experiment (FASMEE) findings and updates	Special Session Cont'd Indigenous Fire Resurgence in California: Research, Praxis, and Collaboration	Special Session 14 years of fire science exchange: Lessons learned and new ideas in fire science communication	Special Session Cont'd Fire in the Sonoran Desert	Special Session Origins of fire-adapted traits	General Session Post-fire Recovery, High Severity	General Session Fire History and Regimes	General Session Prescribed Fire, Fire Effects	Attached Meetings	
2:55pm													
3:10pm													
3:25pm													
3:40pm													
3:55pm	Afternoon Break, Regency Ballroom / Exhibit Hall												
4:15pm	Fire Circle Fire effects on wood products	Fire Circle Mapping the wildland fire system and aligning the Cohesive Strategy	Fire Circle Burning across boundaries: weaving together public, private, tribal, academic, and community participation in tending land with fire	Fire Circle Tackling diverse fire challenges through science-management collaborations, Part II	Fire Circle Challenges and solutions for co-stewardship with Indigenous partners in California	Fire Circle Communicating fire science: Increasing impact, improving management, and expanding connections with the fire community	Fire Circle Investigating the novel invasive species - fire cycle in the Sonoran Desert	Fire Circle Origins of fire-adapted traits	Fire Circle Western US forest fuel management: are challenges to prevailing doctrine adding scientific value or delaying needed action?	Fire Circle FireGeneration: Introducing a center of power for students and diverse young fire practitioners	Fire Circle Improving decision support for predicting fire-caused tree mortality	Fire Circle Guiding principles for transdisciplinary fire research: sharing and applying insights from early-career researchers	
4:30pm													
4:45pm													
5:00pm													
5:15pm													
5:30pm													
Evening	6:00pm to 7:00pm: Celebration of Life for Jan van Wagtenonk 6:00pm to 8:00pm: PBA Happy Hour at Fieldwork Brewing												
Thursday, December 7													
Closing Plenary (Monterey Ballroom)													
8:00am	Welcome Back and Announcements												
8:10am	Prof. Dr. Christine Eriksen, Institute of Geography, University of Bern, Switzerland.												
8:40am	Chief Royal Ramey, Co-Founder & Chief Program Officer, Forestry & Fire Recruitment Program (FFRP)												
9:10am	Ryan Reed, FireGeneration Collaborative Program Director; Northwest Forest Plan Federal Advisory Committee member and Kyle Trefny, Co-Founder, FireGeneration Collaborative												
9:40am	Closing Remarks												
10:00am	Morning Break, Regency Ballroom / Exhibit Hall												
10:30am													
10:45am	Special Session Fire in U.S. oak woodlands: east and west	Special Session Cont'd Advances and Applications of Wildfire Risk Management Science	Special Session Reaching the Limit: When Fire-Adapted Vegetation Fails to Recover Post-Fire	General Session Climate Adaptation and Management	Special Session The fire next time: protecting native cultural resources and heritage sites from severe wildfire and fire suppression impacts	Special Session Spanning the boundaries of science, practice, and management for more fire-adapted futures: The role of cooperative Extension	Special Session Fire effects and compounding disturbances in semi-arid shrublands	General Session Changing Fire Regimes and Carbon	Special Session Fire ecology in the forgotten landscapes of the Upper Great Lakes	General Session Wildland Urban Interface, Risk and Mapping	General Session Prescribed Fire, Increasing Use and Tracking	Attached Meetings	
11:00am													
11:15am													
11:30am													
11:45am													
12:00pm	Awards Luncheon (ticketed \$30), Monterey Ballroom												
2:00pm													
2:15pm	Special Session Wildfire risk and complexity in research and practice	General Session Wildfire Risk to Communities	General Session Fire and Wildlife	Special Session Incorporating fire into climate-adaptation strategies for old and mature forests of North America	General Session Cultural Fire and Fire History	Special Session Cont'd Spanning the boundaries of science, practice, and management for more fire-adapted futures: The role of cooperative Extension	Special Session Cont'd Fire effects and compounding disturbances in semi-arid shrublands	General Session Fuel Moisture and Flammability	General Session Modeling and Simulations, Wildfire Behavior	General Session Carbon Dynamics	General Session Fuel Treatment Effectiveness, Wildfire	Attached Meetings	
2:30pm													
2:45pm													
3:00pm													
3:15pm													
3:30pm	Afternoon Break, Regency Ballroom / Exhibit Hall												
4:00pm													
4:15pm	Special Session Cont'd Wildfire risk and complexity in research and practice	General Session Modeling and Simulations, Fuel Treatments and Wildfire Behavior	General Session Smoke Ecology and Management	Fire Circle Adapating forests to climate change: place-based stewardship and ecocultural restoration	Fire Circle Fire back: Making space for Indigenous cultural burning in prescribed fire planning and operations	Fire Circle Connecting research and practice through fire Extension's people and programs	General Session Fire Behavior	General Session Measuring Plant Flammability	General Session Wildfire Risk and Prediction	General Session Fuel Treatment Effectiveness, Wildfire after Treatment	General Session Carbon Dynamics	Attached Meetings	
4:30pm													
4:45pm													
5:00pm													
5:15pm													
Evening	Bonfire and Closing Ceremony (Time and Location TBD)												
Friday, December 8: Field Trips (times vary by trip, pre-registration required)													
<ol style="list-style-type: none"> Elkhorn Slough and Walden Monterey (two field trips in one!) The Ecology and Cultural Tending of Old-growth Redwood Forests in Big Sur Santa Lucia Conservancy Prescribed Burning Program and Wildfire Resilience Work Big Basin Redwoods State Park University of California: Hastings Natural History Reservation Whale Watch with Monterey Bay Whale Watch
